PLEASE DONATED TO THE FIRST TINNITUS ASSOCIATION IN AUSTRALIA TO MAKE A DIFFERENCE TO TINNITUS "SUFFERERS"

You can help make a difference too! No one has come up with a cure(s) for tinnitus; however, now that new findings increasingly point to the brain's involvement, this may help with an eventual efficacious tinnitus treatment sooner than we think **but in the meantime**…

We are here to empower you to do something proactive about this life altering condition called tinnitus. We are here to enhance tinnitus awareness. An email I received today puts our efforts in perspective "**Thanks for the information you gave me. You have no idea how positive it has made me feel for the future**!"

With such a large percentage of our population with tinnitus, this percentage is on the rise with our returning armed forces. Tinnitus is the number-one service-connected disability of returning military personnel from Iraq and Afghanistan.
The ever-increasing call for help is unceasing!

Our current donations can only stretch so far. This is why we are again asking for your help. It is only you who can enable us to continue our work.

Please be so kind as to open your hearts to contribute as much as you possibly can to help us help the "tinnitus community".

We are the pioneers dedicated solely to assisting people with tinnitus and the associated symptoms by supplying trustworthy, reliable evidence-based health care information about the condition and its treatment and the best people to impart that information to the public and medical professionals.

Now you can help make a difference too - please open your hearts and give generously so that we can continue to help!

Thanking you in anticipation.

Yours sincerely

Australian Tinnitus Association (NSW) Limited

✂Please tear & send lower portion only

Yes, I wish to support the Australian Tinnitus Association (NSW) Ltd

Please make cheques payable to:
Australian Tinnitus Association (NSW) Ltd
and forward to:
